

## **Share Your Blessings Donates Over 750 Beamz Interactive Music Systems To Benefit Individuals with Special Needs & Disabilities**

### ***“Additional 750 Beamz Systems Available for Donation “***

Albuquerque, New Mexico, May 15, 2017 –

Share Your Blessings Inc. (SYB), a non-profit organization (see [www.share-your-blessings.org](http://www.share-your-blessings.org)) with a mission to fund and support organizations and programs that serve & benefit individuals with special needs has reached a milestone of gifting over 750 Beamz Interactive Music Systems (“Beamz”) with a retail value of over \$300,000. This has been accomplished through its collaborative Project Maestro gifting program (see <http://share-your-blessings.org/programs/>), which allows anyone regardless of their abilities or experience – to create and play great music by simply touching light beams that trigger various notes, musical instruments, sound effects and videos. While the user is just having fun playing music, they also receive a variety of life skill, education, therapy and recreation benefits.

"Since its launch in Q2 2015, Project Maestro has supported individuals, families, organizations, & professionals with music, recreation, education and therapy programs for individuals with special needs" said Ruth Anglin, Share Your Blessings Executive Director. "We've reached thousands of individuals with special needs, and have received numerous testimonials reporting heartwarming impacts - for instance, children playing the Beamz with an arm they had not used before, individuals playing the Beamz with their eyes because they couldn't move their body, and many other positive cognitive, sensory, and social/emotional experiences." See testimonials at: <http://share-your-blessings.org/testimonials/#apogee>.

We are excited to report that SYB has an additional 750 Beamz Interactive Music Systems available for donation to approved applicants. Recent efforts have focused on schools and nonprofit organizations in Arizona, New Mexico, and southern California, where we have dedicated personnel and volunteers, as well as selective organizations throughout the US. This includes donating Beamz and related training and support methods, to the following special needs recipient categories: Individuals, Families, Nonprofit Organizations, Schools, Resident and Day Care Programs, Camp Programs, Therapists, and similar organizations. "Project Maestro is helping us achieve our goals of supporting individuals with special needs." said Janice Mollo, CEO of Share Your Blessings. "We invite individuals, families and organizations that can benefit from our Project Maestro program to apply for a Beamz donation on our web site ([www.share-your-blessings.org](http://www.share-your-blessings.org)) or to contact us. We also invite everyone who has a heart for those with special needs to consider supporting Share Your Blessings with a donation that allows us to further expand this gifting program".

#### **About Share Your Blessings, Inc.**

Share Your Blessings, Inc. (SYB) is a 501(c)(3) organization dedicated to enhancing and inspiring the lives of disadvantaged individuals and their families. Our goal is to offer programs and support that promote value, acceptance, and inclusion so that each individual can address life's challenges, achieve personal goals, and fulfill their potential to lead positive, productive, happy, and rewarding lives. Recipients of our services include children and adults with a wide range of disabilities and special needs (such as Down syndrome, autism, muscular dystrophy, cerebral palsy, spinal cord injuries, visual impairment, intellectual impairment, physical impairment, and the like.)
